## Summary

---

Motivated Computer Science undergraduate with a passion for problem-solving and a strong foundation in data structures and algorithms. Proficient in programming languages including C++, Java and Python with a keen interest in full-stack development and software engineering roles. Actively participates in hackathons and competitive coding competitions on platforms such as Codeforces, Leetcode and CodeChef. Seeking opportunities to leverage academic excellence and practical skills to excel as a Software Development Engineer.

## Education

---

### Lovely Professional University

*B.Tech, Computer Science And Engineering, CGPA-8.65*

**Jalandhar, Punjab**

*2022-2026*

### KL Arya DAV Public School

*Class XII, CBSE Board, 85%*

**Hisar, Haryana**

*2021-2022*

### KL Arya DAV Public School

*Class X, CBSE Board, 89%*

**Hisar, Haryana**

*2019-2020*

## Personal Projects

---

### Loan Calculator Web Application - [Github](#)

**2024**

- Developed a web application for calculating loan payments with simple interest and displays the calculated results along with a graphical representation.
- Empowers users with transparency into their loan repayments, fostering informed financial decision-making
- Skills Learnt: AngularJs, NodeJs

### Restaurant - Application - [Github](#)

**2024**

- Provide a clear understanding of the application's behavior for software engineers to design, develop, and implement it effectively.
- Serve as a reference document for all stakeholders involved in the project, including users, administrators, and developers.
- Skills Learnt: Node.js , MongoDB , Mongoose Web Server

### Online Voting System - [Github](#)

**2023**

- Developed a secure and user-friendly platform for conducting online voting and generates visually appealing output.
- Incorporates encryption techniques to protect sensitive voter information and authenticate users preventing unauthorized access and tampering.
- Implemented security measures to ensure fair and secure voting process.
- Skills Learnt: Concept of DSA, C, Debugging and Testing

## Technical Skills

---

**Languages:** C++ , Java , C , Python

**Technologies/Frameworks:** Javascript , NodeJs, AngularJs

**Operating Systems:** Linux(Ubuntu), Windows

**Tools:** Git , GitHub , VSCode , Figma

## Achievements

---

- **Rank: 1428**, Solved over 600 Question, Streak over 250 days — LeetCode
- **Div 4**, Streak over 460 days — CodeChef
- **Rank: 232** — GeekforGeeks
- Participated in **PRASUNETHON Hackathon 2024** organised by PRASUNET COMPANY
- Participated in **HACKHAZARDS '24 HACKEATHON** organised by BPIT, Delhi
